

MICRONCLEAN ANNOUNCE CUSTOM MANUFACTURED STERILE PACKS

MICRONCLEAN ARE PLEASED TO ANNOUNCE THE ADDITION OF OPTIONAL CUSTOM PACKS TO THEIR MICRONDEVICES STERILE PACKS RANGE.

Custom Packs

Do you have a pharmaceutical product which requires a range of compounding equipment to manufacture? Would it improve efficiency if all components were in one pack, ready to use?

Micronclean will work with you to develop a custom pack to meet your needs. Micronclean provide a range of pharmacy compounding components with compatible luer lock fittings, including:

- Syringes in seven sizes
- Dispensing pins (spikes)
- Drawing up needles
- Fluid connectors
- Filter needles
- Pens
- Labels
- Waste bags
- Light inhibiting bags

All packs available either double or triple bagged.

Pack and Irradiate Service

Do you have a requirement to have items used in your compounding area cleanroom-packed and irradiated? Micronclean now offer a 'pack and irradiate' service which has several benefits:

- Items prepped and packed in a validated ISO class 6 / EU GMP grade C cleanroom;
- Validated packaging either double or triple bagged;
- Validated gamma irradiation process;
- Micronclean's extensive logistics network used for optimum irradiation turnaround;
- Optional bioburden assessment of packs.

Micronclean Sterile Packs

Micronclean's sterile packs cleanroom, located in Skegness, UK, is a state of the art medical devices cleanroom meeting ISO 14644-1 class 6 and EU GMP grade C. Micronclean are the leading supplier of pharmacy compounding packs in the UK and have a dedicated product development team working with end-users to create new products designed to improve efficiency, quality and compliance.

If you have a requirement please contact Micronclean's Medical Device Technical Specialist Philip Borrington to discuss:
