

News Release:

Micronclean awarded ISO 9001:2015

Micronclean, the specialist laundered garment rental service and cleanroom consumable manufacturer are delighted to announce that they have successfully transitioned to the new ISO 9001: 2015 standard following a recent two-day BSI surveillance audit.

In comparison to the 2008 standard the 2015 standard:

- Puts greater emphasis on leadership engagement
- Helps address organisational risks and opportunities in a structured manner
- Addresses supply chain management more effectively
- Uses simplified language and a common structure and terms in line with other standards

Robert Parker, Micronclean Managing Director, said: "This represents a huge achievement, given the scale and complexity attached to the transition from the 2008 standard to the 2015 standard and aligns with our Business purpose statement which puts quality alongside innovation at the heart of our business".

"Critical Environmental Solutions the other company within the Micronclean Group has also achieved the same standard so as a group we will continue to provide quality and efficiency to our customers backed by outstanding customer care".

At Micronclean, our passion is to be the first to develop new technological solutions that change the shape of the markets we serve, creating quality and efficiency for our customers.

As a valued and trusted partner, Micronclean has a product and service portfolio which ranges from hand finished linen, through laundered garment rental service for both industrial clients and high-tech/pharmaceutical companies throughout the UK, to cleanroom supplies which are exported to over 30 countries worldwide.

Micronclean is one of the largest privately-owned laundry companies in the UK and has been owned by one family since 1929, tracing its heritage back to the Skegness Steam Laundry in 1883. It employs over 400 people in the UK and operates three laundry sites and two manufacturing cleanrooms in Lincolnshire, UK.
