5

GuardTack Self-install

is delivered to you as a flat packed finished mat. Simply unpack and install into the desired area yourself.

HIGH STRENGTH

3-5 YEARS LIFE

USE, CLEAN, REPEAT

GuardTack Access Mats have a silver based antimicrobial agent as standard and can significantly reduce waste due to their 'use, clean, repeat' cycle. GuardTack 3 and 4 have a guaranteed life of 3-5 years* and GuardTack 4 has in addition a strengthened, reinforced backing for high traffic environments.

For more information on GuardTack 3, 4 and 5 please contact Micronclean.

*3-5-year life depends on the environment installed into, care taken during usage and type/frequency of traffic over the mat surface.
